“FELT BALL COASTERS”

"Don't glue on all the balls at once. Do a few, let dry, then repeat."

THE PROJECT:

felt ball coasters

THE BLOGGER: Michael Wurm, Jr. **THE BLOG:** inspiredbycharm.com

1. Using a heavy-duty glue like E6000, adhere one felt ball to the center of a cork coaster.
2. Working outward from the center, attach more felt balls, gluing them on until the entire coaster is filled. You'll need 90 to 100 balls per coaster. Let dry.

FELT BALLS Itsy-Bitsy 1-centimeter-diameter wool felt balls, \$7.50 for a mixed set of 50, craftywoolfelt.com **CORK COASTERS** 1/4"H x 4"-diameter coasters, \$3 for a set of 4, blankcork.com
